THE UNIFIED AUTONOMOUS CRAFT ARCHITECTURE · 2026 FLEET EDITION

THE CRAFT FLEET

A comprehensive taxonomy of 28 high-performance creative, mechanical, scientific, and life-automation engines. Engineered in pure native Rust and FastMCP for offline sovereignty.

FORMAT: ISO 216 A2 (420 × 594 mm)
FLEET SCALE: 28 PRODUCTION APPLICATIONS
ARCHITECTURE: RUST CORE · FASTMCP · EGUI · THREE.JS
LICENSE: STORYTOLD & COMMUNITY ALLIANCE
PRINT GRADE: 300 DPI MASTER · FULL COLOR CMYK

I. CREATIVE & VISUAL MEDIA

DesignCraft
DESIGN
Page layout, typography, threaded stories & PDF/X-4

FigCraft
FIG
Vector UI components, autolayout & interactive prototypes

VectorCraft
VECTOR
Precision Bézier curves, path ops, SVG & clean-room geometry

PhotoCraft
PHOTO
Non-destructive adjustment stacks, filters & raw mastering

TextureCraft
TEXTURE
PBR materials, ORM channel packing & game engine export

MaterialCraft
MATERIAL
Procedural multi-channel node synthesis & beauty rendering

EffectCraft
EFFECT
Keyframed motion graphics, timeline expressions & still renders

II. ENGINEERING, CODE & WORKSPACES

CoderCraft
CODER
Autonomous agent IDE, AST inspections & multi-crate MCP hub

CADCraft
CAD
2D parametric drafting, architectural plans & DXF engine

SolidCraft
SOLID
Parametric 3D CAD, feature timeline & STEP/STL solids

MakerCraft
MAKER
G-code toolpaths, sheet nesting & digital fabrication

DatabaseCraft
DATABASE
Unified multi-model datastore: vector, graph & relational

AppCraft
APP
Visual enterprise desktop app builder, telemetry & flows

ModCraft
MOD
Binary reverse engineering, disassembly & patch injection

III. AUDIO, ROBOTICS & VIRTUAL WORLDS

SoundCraft
SOUND
Multi-track audio session, mixing, synthesis & stems

DJCraft
DJ
4-channel beatgrid sync, stems isolation & Three.js DJ decks

RobotCraft
ROBOT
Saschibot & Nori A3 3D kinematics, virtual space & CAD plans

GameCraft
GAME
wgpu/egui scene-graph editor & interactive Godot arcade depot

DemoCraft
DEMO
Autonomous headless demo orchestrator & multi-craft testbench

CraftAnything
ANYTHING
Clean-room reverse engineering & perceptual route oracle

LightCraft
LIGHT
Headless lighting passes, HDR maps & photographic grading

IV. DOCUMENTS, LIFE & PERFORMANCE

WordCraft
WORD
Markdown to publication DOCX, styles & typographic reports

PdfCraft
PDF
Engine-level PDF combining, preflight validation & redaction

GridCraft
GRID
Spreadsheet computation, formulas, charts & typed macros

DeckCraft
DECK
Slide decks, visual pitch presentations & export reels

WriterCraft
WRITER
Narrative worldbuilding bible, character graphs & pacing

TravelCraft
TRAVEL
Multimodal route optimization, transit & itinerary budget

SportsCraft
SPORTS
Athletic training load, power profiling & biomechanics
